

HEALTH & SAFETY WORKSHEET

Hunter Morgan

ACTIVITY:

water pump motor

IDENTIFY RISKS:

Tick the potential risks(s) for this activity:

- | | | | |
|--|--|--|--|
| <input checked="" type="checkbox"/> Slips, trips and falls | <input type="checkbox"/> Heavy items that could fall | <input checked="" type="checkbox"/> Sharp objects or tools | <input checked="" type="checkbox"/> Electrical equipment (incl. power tools) |
| <input type="checkbox"/> Gas equipment | <input type="checkbox"/> Machinery (moving parts) | <input type="checkbox"/> Machinery (sparks) | <input type="checkbox"/> Hand tools |
| <input type="checkbox"/> Toxic fumes and dust | <input type="checkbox"/> Poisonous chemicals | <input type="checkbox"/> Flammable substances | <input type="checkbox"/> Excessive noise |
| <input type="checkbox"/> Ladders (heights) | <input checked="" type="checkbox"/> Temperature | <input type="checkbox"/> Fatigue | <input type="checkbox"/> Flames |

List any other risks:

RISK CONTROL METHOD:

Write what you will do to eliminate or minimise each risk:

RISK:	WHAT MIGHT HAPPEN:	HOW YOU WILL ELIMINATE:	HOW YOU WILL MINIMISE:
Slips	Slip over on water / bleed sanding	clean up mess	being careful well walking through it.
temperature	might over heat	taking off excess clothes off from underneath	don't carry out tasks that will make you overheat
hand tools	Might cut & slip off a nut	use the correct size tool for the job	be careful well carrying out the tasks
heavy items	Someone might push the pump off the table	by not moving it well its on the table	don't push it to close to the edge of the table
